HOW AND WHERE WE STORE YOUR INFORMATION

How long ?

We will keep your personal information only for as long as we consider it necessary to carry out each activity.

We have a data retention policy to implement this. We take account of legal obligations and accounting and tax considerations as well as considering what would be reasonable for the activity concerned.

For example, we will retain details of donations for 7 years to meet tax and accounting requirements, and we will retain any safeguarding records indefinitely. We will only hold sensitive medical personal information provided to participate in an overseas trip until two years after the trip is completed.

Legacy income is an important source of income for our beneficiaries. We may keep data you provide indefinitely to carry out the administration of legacies and to communicate with the families of those leaving us legacies.

If you have any questions about our Data Retention Policy please contact our Data Protection Officer, Nathan Iles, in writing at Youth for Christ, Coombswood Way, Halesowen, B62 8BH or by email at nathan.iles@yfc.co.uk

HOW SAFE IS THE PERSONAL INFORMATION WE HOLD?

We ensure that we have appropriate technical controls in place to protect all the personal data you provide. For example, we ensure that any online forms are encrypted to ensure they can only be read by people permitted to do so. Our network is robustly protected from unauthorized access and is routinely monitored.

We ensure that access to personal data is restricted only to those staff members or volunteers whose job roles require such access and that suitable training is provided for these staff members and volunteers.

We may make limited use from time to time of external companies to collect or process personal data on our behalf. When we do so, we carry out checks on these companies, put in place contracts to make sure our requirements are clear, and carry out periodic reviews. When we do use external companies, we remain responsible for the storing and processing of your personal data. However, we need to remind you that despite all our efforts, the internet cannot be guaranteed to be 100% secure, and that you submit data at your own risk.

Credit / debit card security

We may use a third party to process donations or purchases using cards but will ask them to process your information in line with the GDPR and the Payment Card Industry Data Standard.

If you use your debit or credit to donate to us, purchase something or pay for a trip, whether online, over the phone or by mail, we will process your information securely in accordance with the [Payment Card Industry Standard](#).

We do not store your debit or credit card details once your transaction has completed. All card details are securely destroyed once your donation or payment has completed. We hold bank account details for the purpose of collecting direct debits in accordance with direct debit mandate rules.

Where we store your personal information

We use cloud-based systems to process data and therefore data may be processed outside of the European Economic Area (EEA). We adopt the Information Commissioners approved measures and therefore ensure that personal data is held in compliance with European data protection regulations. We take all reasonable steps to ensure that your data is stored and processed securely in accordance with this policy. By submitting your personal data you agree to this transfer, storing and processing of your information. Should you travel overseas with us, we may share personal information with partners who deliver our work in overseas locations. For example, this may include sensitive personal data such as medical information. When we do so we will make you aware of the data being transferred and seek your consent to do so.

WHEN WE SHARE YOUR INFORMATION

In line with our beliefs, we do not share or swap your information with any other charities.

Legal duty

We may need to pass on information if required by law or by a regulatory body. For example, a Gift Aid audit by the HMRC, or if asked for details by a law enforcement agency.

Our service providers and third parties

Occasionally we may employ agents to carry out tasks on our behalf, such as fulfilling orders or processing donations. These agents are bound by contract to protect your data and we remain responsible for their actions.

We may provide third parties with general information about users of our site, but this information is both aggregate and anonymous. However, we may use IP address information to identify a user if we feel that there are or may be safety and/or security issues or to comply with legal requirements.
